AMS PRESIDENT’S MESSAGE

Larry Bowles  
AMS President

It was a nice sunny day for traveling to Virginia for our St. Patrick’s Luncheon that was held at Houlihan’s Restaurant located in the Springfield Hilton Hotel. It was our first event held in Virginia for several years. The menu selections were tasty and some were seen sharing.

It was the hope of the event committee that the Virginia location would increase the participation of our Virginia members and as well entice the Maryland members. The participation was short of expectations.

There are four more events for 2016. The next is the Spring Luncheon at the Dutch’s Daughter located in Frederick, Md. My message to my fellow members is that we need to increase the attendance at these events. The Board and committees work hard planning our annual events. Also, the money from the 50/50 drawings that helps support the cost of printing and postage for the News Letter has decreased as a result of low participation and weighs heavily on the hard copy distribution.

My thanks to those that have donated to the printing and postage fund!

Please visit our website(mappers.org ) and Facebook (facebookmappers.org) and the CFU website.

Until the next AMS News edition – Larry Bowles

## I N R E M E M B R A N C E

**NOVA JEAN BONAVENTURA** (Age 90) a resident of Cary, NC, passed away peacefully on December 20, 2014 after a period of declining health. She was the daughter of the late Willard and Lura Peek of Shelby, North Carolina and was preceded in death by her beloved husband, "Bonny", Charles M. Bonaventura;

sister, Pearl Graber and brother, Rev. Don Peek. She is survived by her brother and sister-in-law, James and Nancy Peek of Cary NC. A child of the Great Depression, Nova contributed to the World War II war effort as a "Rosie the Riveter" in the western United States. Following the war, she met and married Charles Bonaventura, a US Army officer, WW II and Korean War veteran. The unlikely union of the son of a New York City police officer and the daughter of a North Carolina textile worker worked magnificently. As the devoted and involved wife of a career Army officer, Nova traveled widely and proudly represented the United States in a number of postings including the Philippines, Ecuador, and Turkey. Following Bonny's retirement from the Army, they were residents of McLean VA and active members of VFW Post 9274, Falls Church VA. Nova relocated to Cary, NC in 2005 where she was a longtime resident of Jordan Oaks Retirement Home. Although childless herself, Nova was the beloved "Aunt Nova" to several generations of nieces and nephews both within and outside the family. Her remarkable love of family, joy of life and positive outlook were instantly apparent to all who met her and she truly never met a stranger. Her generosity and graciousness were hallmarks of a life well lived. Interment will be held at a later date at Arlington National Cemetery.

**RICHARD ANTHONY BECK** It is with great sadness that the family of Dick Beck announces his passing on March 28 from complications of Mantle Cell Lymphoma.

A native of Monongahela, Pennsylvania, Dick was born on July 17, 1944, to Tony and Millie Beck. His professional career spanned 35 years with the National Imagery and Mapping Agency, now known as the National Geospatial-Intelligence Agency, during which he helped map post-revolutionary Ethiopia, worked on the lunar landings, and earned the

Meritorious Civilian Service Award. He enjoyed his later years in Swansboro, NC, Melbourne, FL, and Raleigh, NC. He was a lover of fast cars and Maryland crabs. He was an accomplished wood carver and loved building with his grandsons.

Dick is survived by his wife of 46 years, Marilyn Beall Beck; his son, Joel Ankney (Jennifer); his daughter, Claudia Cooper (Murray); his grandsons, Joshua (Caitlin), Joseph, Jacob, and Jesse Ankney, and William and Henry Cooper; and his sister, Janet McCutcheon (Jeff). He was preceded in death by his parents.

The family would like to thank Dr. Michael Spiritos and the nurses and staff at Duke Raleigh Hospital.

In lieu of flowers, contributions may be made to the American Cancer Society.

Tom married his wife, Marie, in 1953, and they made their home in Vienna, Virginia, where they resided happily for 58 years, raising their family of four children. Tom was employed as an illustrator for the U.S. Department of Defense for 37 years until he retired in 1988.

Eventually, the battalion was sent to Manila to engage in a cleanup operation to rid Manila of a group of die-hard Japanese soldiers hiding in the mountain caves, determined to hold on to Manila.

Irving left the service in December of '46 as a Staff Sergeant. Several weeks later after returning to Berlin, he received a call from the Army Map Service Intelligence Branch in Washington D.C. He remained with them for several years. He later was offered a position at Engineering and Research Development Laboratory (ERDL) He did research on aerial mapping equipment from Germany, Switzerland, France and Italy.

Again, after four years Irving received a telephone call from an old friend asking if he would join his firm. This organization was Thompson, Ramo and Wooldrige (TRW). This was a very large research and development firm with contacts mostly from the US Government. Irving was assigned a position with the group to develop a reconnaissance satellite program to specifically spy on Russia. Boing developed the vehicle, Bausch and Lomb developed the camera and TRW developed the ground data processing system. Four years later the satellite was launched and remained in space for a number of years.

Irving went to South America, primarily to Peru and

Bolivia on a classified mission for the Army. He remained there for seven months. He then went to Greensboro, NC where his first wife was originally from.
